SAMC1 - The regulated streamflow estimate for the American River at H Street adjusted to river observations

SACC1 - The regulated streamflow estimate for the Sacramento River at I Street adjusted to river observations

VONC1 - The regulated streamflow estimate for Sacramento River at Verona adjusted to river observations

FMWC1 - The regulated streamflow estimate for Fremont Weir flow adjusted to weir flow observations

DRMC1 - The streamflow estimate for Butte Creek near Durham adjusted to river observations

RCVC1 - The streamflow estimate for Cherokee Canal adjusted to river observations

FMWC1L - The local runoff for the watershed not adjusted to any observations (indicated by SQIN)

SACC1L - The local runoff for the watershed not adjusted to any observations (indicated by SQIN)

SAMC1L - The local runoff for the watershed not adjusted to any observations (indicated by SQIN)

NCOC1L - The local runoff for the watershed not adjusted to any observations (indicated by SQIN)

SACC1 - The regulated stage estimate at Sacramento River at I Street adjusted to river observations (indicated by SSTG)

SAMC1 - The regulated stage estimate at the American River at H Street adjusted to river observations (indicated by SSTG)

NCOC1 - The stage at Nicolaus adjusted to river observations (indicated by SSTG)
