TWDC1- Inflow estimate for Twitchell Dam not adjusted to observations

SSQC1 - Streamflow estimate for the Sisquoc River near Sisquoc adjusted to observations

GARC1 - Streamflow estimate for the Sisquoc near Garey adjusted to observations

LLYC1 - Streamflow estimate for the Santa Ynez River near Los Laurels adjusted to observations

CCHC1 - Streamflow estimate for the Santa Ynez River near Cachuma adjusted to observations

SLUC1 - Streamflow estimate for Salsipuedes Creek near Lompoc adjusted to observations

VRVC1 - Streamflow estimate for the Ventura River near Ventura adjusted to observations

CLLC1 - Streamflow estimate for the Caleguas Creek adjusted to observations

EFBC1 - Streamflow estimate for Elderberry Forebay not adjusted to observations

CSKC1 - Inflow estimate for Lake Castaic adjusted to observations

SCPC1 - Streamflow estimate for the Santa Clara River at Piru adjusted to observations

PYMC1 - Inflow estimate for the Pyramid Lake adjusted to observations

LKPC1 - Inflow estimate for Lake Piru adjusted to observations

YDRC1 - Streamflow estimate for the Santa Margarita near Ysidora adjusted to observations

SLOC1 - Streamflow estimate for the San Luis Rey River at Oceanside adjusted to observations

TEKC1 - Streamflow estimate for Temecula Creek near Aguanga adjusted to observations

VLKC1 - Inflow estimate for Vail Lake adjusted to observations

MUTC1 - Streamflow estimate for Murietta Creek near Temecula adjusted to observations

SMHC1 - Streamflow estimate for Santa Margarita Creek near Temecula adjusted to observations

SHRC1 - Streamflow estimate for San Luis Rey River near Shearer Crossing adjusted to observations

TIMC1 - Streamflow estimate for San Timoteo Creek near Loma Linda adjusted to observations

SREC1 - Streamflow estimate for Santa Ana River near E Street adjusted to observations

SRWC1 - Streamflow estimate for Santa Ana River near Mentone adjusted to observations

KNBC1 - Streamflow estimate for Cajon Creek near Keenbrook adjusted to observations

YTLC1 - Streamflow estimate for the Lytle Creek near Colton adjusted to observations

MWXC1 - Streamflow estimate for Santa Ana near MWD Crossing adjusted to observations

TSLC1 - Streamflow estimate for Temescal Creek above Mains Street adjusted to observations

ADOC1 - Inflow estimate for Prado Dam adjusted to observations

SVWC1 - Inflow estimate for Lake Silverwood adjusted to observations

DKHC1 - Streamflow estimate for Deep Creek near Hesperia adjusted to observations

WFMC1 - Streamflow estimate for the West Fork Mojave River near Hesperia adjusted to observations

MVDC1 - Inflow estimate for Mojave Dam adjusted to observations
MVVC1 - Streamflow estimate for the Mojave River near Victorville adjusted to observations
HAWC1 - Streamflow estimate for the San Luis Rey near Henshaw adjusted to observations
ELPC1 - Inflow estimate for El Capitan Reservoir adjusted to observations
SVIC1 - Inflow estimate for San Vicente Reservoir adjusted to observations
FSNC1 - Streamflow estimate for the San Diego River near Fashion Valley adjusted to observations
CYBC1 - Streamflow estimate for the Cuyama River below Buckhorn Canyon adjusted to observations
HSAC1 - Streamflow estimate for the Huasna River near Arroyo Grande adjusted to observations
